

California State University, Chico

Department of Recreation, Hospitality, and Parks Management

September 1, 2018

Dear Friends,

We are excited to announce the third annual Saveur fundraising gala to be held May 4, 2019, from 6 to 10 p.m. at Chapelle de L'Artiste in Paradise, California. In addition to a gourmet meal prepared by Chef Ann Leon, there will be live entertainment and a silent auction featuring items and experiences commensurate with the idea of "savoring life's finer things." Proceeds from Saveur will go directly to the California State University, Chico Department of Recreation, Hospitality, and Parks Management annual fund to support educational endeavors.

Saveur (a French word pronounced "sah-vuhr") is an annual event that highlights the Chico area and other Northern California cities and regions as leisure destinations. Given that faculty and students in the department are the purveyors of leisure, we invite our guests to savor the dinner and experience, and embrace the idea of a life well lived, where leisure pursuits are valued, sought after, and savored.

For decades, the department has educated students to enter the workforce in some of the most unique jobs in the market. From event specialists and recreation therapists to hotel managers and forest rangers, we have some of the most diverse graduates from CSU, Chico. Serving others in the pursuit of leisure bond all of these unique career paths into the department core. One of the goals of the department is to enable students to get real-world experience. To that end, students in the "Special Event Planning and Operation" class are assisting with planning this event.

Our event and mission will not be successful without the community's support. Your tax-deductible donation will make a significant difference in the education of current and future students. In return for your generosity, your business will gain exposure with University alumni and the community via printed materials and the Saveur website, Facebook page and Instagram before, during, and after the event.

Thank you for your consideration and support! For more information, feel free to contact us.

Kind regards,

Kelli McCrea, Event Chair
Emilyn Sheffield, Department Chair
